

Another great solution from **Snyder Industries...**

For the State of Florida Market

"The Dominator"TM

**Snyder's Newest Low Profile Design is
One Tough Septic Tank.**

- Approved as a Category 3 septic and/or pump tank under 64E-6.013.
- Dominator is available in the following sizes: 750, 900, 1050, 1250, 1500 Gallons.
- Available as single or double compartment tanks.
- Unique monolithic structural design provides superior top load strength.
- Proprietary manway isolation design keeps manholes from distorting during backfill and pump outs.
- No special water filling procedure is required during backfill.
- Can be used in both septic and pump tank applications.
- As a septic tank, is available with inlet and outlet holes drilled, and gaskets supplied.
- Also available in 1200 and 1700 gallon water cisterns.
