

Another great solution from **Snyder Industries...**

# "The Dominator™"

Snyder's Newest Low Profile Design is  
One Tough Septic Tank.

- Dominator is available in the following sizes: 750, 1000, 1250, & 1500 Gallon.
- Available as single or double compartment tanks.
- Unique monolithic structural design provides superior top load strength.
- Proprietary manway isolation design keeps manholes from distorting during backfill and pump outs.
- No special water filling procedure is required during backfill.
- Can be used in both septic and pump tank applications.
- As a septic tank, Dominator is available in three configurations:  
(1) *unplumbed tank with gaskets and invert pipe* • (2) *Tank with gaskets, tees, & invert pipe* • or, (3) *tank with the plumbing (tees, gaskets, & invert pipe) pre-installed in the tank.*
- Dominator is the only low profile tank available with the tees and gaskets pre-installed in the tank.
- Also available in 1200 and 1700 gallon water cisterns.
