## 40 & 58 Gallon

Snyder Industries fully automated Eco-Tainer Litter Receptacles and Eco-Tainer Recycle Receptacles have just been elevated to the most innovative product for trash collection in the world.

Our contemporary design and state of the art superior rotational molding has exceeded the competition by utilizing a newer technology for today's modern cities and facilities.

These fully automated Eco-Tainer Litter and Eco-Tainer Recycle Receptacles replace the outdated concrete and metal receptacles on Downtown City Streets, Retail Centers, Recreational Parks, Stadiums, Concert Venues, Hotels, Restaurants, College and High School Campuses, Convention Centers, Bus Stops, etc.

- Designed for fully automated service or manual service.
- Double wall construction for superior strength and leak protection.
- Available in popular 40 & 58 gallon sizes.
- Zinc-plated hardware is rust resistant.
- Pedestal can be weighted up to 70 lbs. for added stability.
- Safer and quieter than concrete designs.
- For interior and exterior use.
- Available in multiple colors.
- Textured surface reduces smudges and prints.
- 3 year limited warranty (under normal use).
- Wheel free design to deter from excessive movement.
- Seamless construction eliminates cracking at seams.
- High density polyethylene (HDPE) plastic is 100% recyclable.
- UV protection added to resin to reduce fading.
- Ships fully assembled.

### Options
